Spring Research Conference on Statistics in Industry and Technology
Rutgers, the State University of New Jersey
May 17-19, 2017
New Brunswick, NJ

The 24th IMS/ASA Spring Research Conference (SRC) on Statistics in Industry and Technology is sponsored by American Statistical Association (ASA), Institute of Mathematical Statistics (IMS), and Rutgers University. The purpose of SRC is to promote research in statistical methods that address problems in industry and technology and to stimulate interactions among statisticians, researchers in the application areas, and industrial practitioners. SRC has a history of more than two decades, and has explored many interesting and important topics in research and application frontier. Details, including the invited sessions and conference program are available at

<http://www.stat.rutgers.edu/src2017>.

Keynote Speakers include Prof. Vijay Nair (University of Michigan) and Prof. David Madigan (EVP and Dean of the Faculty of Arts and Sciences, Columbia University). Prof. Xiao-Li Meng (Dean of the Graduate School of Arts and Sciences, Harvard University) will speak at the conference banquet.

Paper Submission: You are cordially invited to submit a contributed talk or poster to the conference. Topics for contributed talks and posters are expected to cover a wide range of areas including, but not limited to design and analysis of experiments, modern computing, uncertainty quantification, computer experiments, machine learning, methods on quality improvement and measurement system and applications of data science in business, industry and government policy making. Research on other potential topics that are related to the conference theme will also be considered, and authors of such work are encouraged to submit abstracts.

To present a contributed talk or poster, please email a title and abstract of your paper, including your name and affiliation, to the Contributed Program Chair, Dr. Han Xiao, at hxiao@stat.rutgers.edu using the subject line as in “Subject: SRC 2017—Rutgers”. The deadline for abstract submission is **January 31, 2017**. If the number of submitted abstracts is so large that all of them cannot be accommodated within the planned contributed sessions, we may consider switching some contributed talks to be posters.

Student Scholarship: SRC will continue the conference tradition of providing scholarships to selected students who present contributed talks or posters. To apply for a scholarship, please visit the page of [Scholarships](#) at the conference website: <http://www.stat.rutgers.edu/src2017>.
